MARCH FISHING REPORT

Fishing with live shrimp or fiddler crabs you are sure to catch some Sheepshead this month. And for the fishermen, who want to go out a little further, try fishing for amberjack with cigar minnows or pinfish. We have also heard some reports from our local fishermen that the black drum is good this time of year. If you're looking to fish close to the shore March is a good month for Pompano. The best way to target these is with sand fleas. Spanish mackerel and bluefish will be coming in as well. With this in mind, good luck and have fun catching. Tight Lines...

Reminder - Daylight Savings Time is Saturday evening, March 7th!
