

Preventive Maintenance

It's that time of year again. All Dry Barn and Outside Rack customers have the opportunity to have the marina staff crank your engines and run them for 15-20 minutes, exercise the steering, check the operation of your bilge pumps, blowers, horn, batteries, lights, ect. And make sure the boat doesn't have mechanical issues that need attention. The cost of this service is \$40 for a single engine; \$55 for twins. If you would like to sign up for this service please call Clara or Kristy at 850-227-9393.

This Months Featured Boat For Sale From Chris McFarland
